

St. John
 **Center**
for HOMELESS MEN

2019 Annual Report

Dear Friends,

Calling fiscal year 2019 “a growth year” is an understatement.

Our services expanded far beyond the front doors. While 1,818 homeless individuals visited the shelter last fiscal year, hundreds more are so disenfranchised that they do not visit shelters like ours. They live under bridges and in abandoned buildings, by creek beds in patches of woods, and in their cars.

We wanted to connect with them, offer assistance, build trust, and invite them to take another step toward medical or mental health treatment, recovery and ultimately housing. The new Street Outreach Team began in January and in less than 6 months they provided services to 499 people sleeping on the streets of Louisville.

Our physical space expanded beyond the back door, literally adding 2,400 square feet to the shelter’s original footprint. We started raising funds for this construction project in 2015. We broke ground in January 2019, and the move into new offices in October 2019. The additional service area for small groups or special services will be greatly appreciated by our clients for years to come.

As I reflect on this growth, I have to ask a bigger question: how do we continue to expand our hearts this year? How do we refrain from cynicism when the external climate creates conditions that too often trap low-income people in a downward spiral of crisis? How do we watch the encampment clean-ups or clear-outs and not become paralyzed by the enormity of the housing crisis and complexity of the issues? **We expand our hearts because the need is great - we know by name the people who need us each day. We carry on with confidence because of you - partners in our mission.**

Thank you being part of this momentum of growth in a culture of caring.

Best regards,

A handwritten signature in cursive script that reads "Maria Price".

Maria Price
Executive Director

Mission, Vision and Values

St. John Center is on a **mission** to help homeless men address the barriers to housing and self-sufficiency so they can leave homelessness for good.

With the support of this community, we've been providing resources and services for homeless men in the Louisville area since 1986. We are located in a former Catholic church built in the 1850s as a safe haven for immigrants. Today, our staff and volunteers carry on that welcoming spirit to provide refuge to some of our community's most vulnerable people.

Our vision is a city where all homeless men have the resources and support they need to leave homelessness for good.

Our Values

Dignity

We believe in the dignity of every human being. We strive to call each person by name. We recognize that homeless individuals have experienced a high level of trauma, so we strive to be a refuge and a safe haven.

Usefulness

We strive to be useful space, providing the best possible opportunities for homeless men to continue their path toward greater self-sufficiency.

Volunteers

Volunteers are valued as an integral part of St. John Center's mission.

Partnerships

We value partnerships with other agencies in order to be useful to clients and resourceful with limited space and funds.

Housing as a Right

We believe housing is a right.

Learning

We strive to foster a workplace that supports continuous learning, applying new skills, research, and evidence-based practices to our work.

Advocacy

We operate with the understanding that people rarely become homeless because of just one issue or incident, but rather people become homeless because of both personal circumstances and systemic issues. We take seriously our role as advocates for the homeless and embrace opportunities to educate the community about the causes of, and solutions to, homelessness.

Program Highlights: FY 2019

Street Outreach

St. John Center extends care and community to homeless men, women, and children living on the streets in our city. In partnership with Uniting Partners for Women and Children (UP), Street Outreach workers visit our homeless neighbors in abandoned buildings, under overpasses, sleeping in tents or tucked away in alleys. The Street Outreach Team connects them to essential services that will lead to permanent housing.

499 people were provided direct service and referrals by Outreach, from Jan. 21, 2019 to June 30, 2019

Emergency Day Shelter and Social Services Center

The Day Shelter provides coffee, hot showers, a place for men to receive personal mail and phone calls, and access to needed supplies such as socks, gloves and hygiene products. Employment and housing counselors connect men to new opportunities and accompany them as they move forward. St. John Center has also served as a hub for partner agencies like the Veterans Administration and Legal Aid Society. **From July 1, 2018 to June 30, 2019:**

1,818 men visited the shelter
60,788 times

192 men moved off the streets
and into housing

39 men obtained permanent, full time work, with 11 moving into their own housing

12% of men are veterans, down from **29%** in 2010, underscoring efficacy of housing as a solution

Permanent Supportive Housing

Since 2006, St. John Center has accompanied formerly chronically homeless men by providing long-term case management and support. With the help of regular in-home visits, mediation with landlords, assistance with job searches and disability benefits, and weekly life skills classes, men are able to build a new life in their own home. **From July 1, 2018 to June 30, 2019:**

99% of the men in our program retained their housing for **12 months** or longer

82 formerly homeless men have a place to live and someone to help them navigate the challenges of remaining in housing

Growth Beyond Our Walls: FY 2019

St. John Center
for HOMELESS MEN

In FY 2019, St. John Center:

- Launched the expansion of our campus on Muhammad Ali to accommodate growing programs and services
- Increased housing counseling and employment services by adding a workforce housing counselor
- Grew our staff to launch a Street Outreach Team in partnership with Uniting Partners for Women and Children
- Piloted a part-time temporary storage project, which grew to a full time effort and that of a local partner, the Salvation Army

Expansion at Muhammad Ali Campus

Open House, October 2019

Thank you to those who supported the expansion project in FY 2019:
